Da Nang City, Vietnam

Hello, My full name is Bui Thanh Binh. I'm a fresh graduate.

I enjoy coding and love to learn about new technologies. I want to have the opportunity to do an internship at the company to gain more experience, improve my knowledge and improve my skills, as well as apply the acquired knowledge to the real working environment.

Long-term goal: I want to acquire all the skills I can use for my future profession. I want to be a Front-end Developer soon and bring value to the company
